VIA FEDERAL EXPRESS

Dear Mr. Raack:

As you know, this firm represents the City of Collierville, Tennessee regarding the Carrier Air Conditioning Superfund Site. This letter is submitted on behalf of Collierville to address the Scope of Work (SOW) and the suggested consent order.

Carrier is submitting to you an SOW which outlines the work which they plan to conduct at this site with your approval. We have cooperated with Carrier in the development of this plan and will cooperate as needed to see the plan completed. We particularly hope that the aspects of this plan which would speed up the remediation would be approved.

As for the proposed consent decree, we share the concerns outlined by Carrier and, rather than reiterate all of those here, would rely on those issues as set forth in Carrier's letter. Further, we suggest that since Carrier is the party responsible for the contamination and since they are vigorously pursuing the clean-up, it should not be necessary to make Collierville a party to the consent decree or subject to a unilateral order.

We certainly hope you will entertain this idea favorably.

Sincerely,

FARRIS, HANCOCK, GILMAN,
BRANAN & HELLEN
